Set-up Service – £375

A number of our lovely diy brides have asked us to dress their venue with their own items, so are very pleased to offer this popular service. We will offer an initial consultation to talk through exactly how you would like your items set-up, we will be exclusively yours for a morning or afternoon to set-up and style your big day, we would class this as an approximate 6 hour period, for events that require full days or even multiple days to set-up an additional charge would be added. This is based on 100 seated guests, please contact us to discuss your larger events. If we are also providing our own items we will undress our own items if your venue doesn't offer this service, but this doesn't include undressing clients own items. For the set-up of clients own items at height there may also be an additional charge.

Bespoke Styling & Set-up Service – £1600

This is a personalised styling service that allows the full use of our hire items and props to include swarovski trimmed crystal candelabras and many unique handmade items to help style your event. Table linen and ceiling decor is not included. We offer a consultation at our Christchurch studio. We will want to talk through any flowers you may be including and how we can work with your florist, stationery you have chosen, your venue and colour palette to get a good idea of the feel for your day. We will provide ideas based around the information you have and make suggestions in-line with the style you are looking to achieve. We can work in a very structured way where even the tiniest detail is talked through and noted down so you know exactly what to expect or can leave it to us to carefully style areas of your venue using the items and style you love. We will provide you with a document detailing all the areas we have discussed and offer full telephone and email support following this. We will be exclusively yours for a morning or afternoon to set-up and style your day, (we would class this as an approximate 6 hour period, for events that require full days or even multiple days to set-up an additional charge would be added) this can also include using your own items alongside your pre-agreed choice of our hire items. This offer is for up to 100 seated guests, please contact us for more information and a quote for larger events. We will undress our own items if your venue doesn't offer this service, but this doesn't include undressing clients own items. For the set-up of clients own items at height there may also be an additional charge. We often use partially burnt large pillar candles in our glassware/ lanterns as some of our candles have 100 hours plus burn time, we only use them if it doesn't take anything away from the finished look. For events that require excessive pillar candles or would require only brand new large pillar candles to be used an additional amount will be discussed with you and charged accordingly. Dinner/taper candles and tea lights are available with no limitations.
